BY WIRE AT 3 P.M. STEAMER ROYAL GEORGE IS ON THE ROCKS

(Intelligence Special)
QUEBEC, Nov. 7.—That the Canadian Northern steamer, Royal George, which lay beached on the rocks in the St. Lawrence river, the stranded steamer, in the opinion of many mariners here, has been raised. The morning air is blowing high in the air in an extremely dangerous position, and a terrific storm is beating about it. Capt. Harrison set three-quarters of the passengers ashore last night, some going on to Montreal and others remaining here. The three and two hundred passengers are all aboard, and it is too rough to attempt to take the steamer up properly in his speech at Quebec last night, but that within the next few days will "get 'at' the Rock and those other fellows" and make them quit the job.

OYSTER BAY, N. Y., Nov. 6.—Carrying out the determination expressed in his statement last night, Mr. Roosevelt again took up the moose campaign and made plans for a continuance of his fight.

At ten o'clock his secretary, John W. McGrath went up to Stagnone Hill and Roosevelt began at once to dictate letters and telegrams, and announced that he would remain at home for the next two days, and on Friday would go to New York for editorial work.

The Colonel is preparing to continue this attack on Eliza B. and the three and two hundred passengers are all aboard, and it is too rough to attempt to take the steamer up properly in his speech at Quebec last night, but that within the next few days will "get 'at' the Rock and those other fellows" and make them quit the job.

VICTORY IS RUMORED

London Times Publishes an Unverified Story That the Bulgarians Have Won Momentous Victory — Little News Received From Scene of Operations—Allies Plan to Hold Service

London, Nov. 8.—The Times prints the following despatch dated Sofia, Nov. 7, 11.30 p.m.:
"It is reported, but without official confirmation—that the Bulgarian troops have occupied the Tchatalja

The past twenty-four hours have brought little other news of importance from the seat of war. The report that Saloniki had been evacuated is premature, and a similar report concerning Monastir is still unconfirmed. There is no authentic news of the alleged defeat of the Turks before Schajla.

On the contrary, a Constantinople dispatch sets forth the Turkish claim that there are no Bulgarians before Ecbatania and that both armies are resting. The Turkish reports regarding the progress of the war, however, have been so consistently misleading

The present lull in news may mean that some important action is proceeding. In the meantime diplomatic efforts are being made to bring the war to its progress and the peace conference is discussing all the aspects of the settlement of difficult questions. Everything tends to show that almost irreconcilable antagonisms will arise over the allocation of Turkish territory. The part of Anatolia near the coast, the province of Istanbul, the Adriatic ports of Durazzo, Alessio and Corfu, and the island of Rhodes, are claimed by Greece. Italy claims the islands of Giovanni di Medina.

Paris, Nov. 8.—The Balkan allies will ask for the partition of European Turkey, leaving the fate of Constantinople to the decision of the European powers, according to Premier Pachitch of Serbia, in an interview yesterday with the correspondent of The Times at Belgrade. The Serbian statesman continued:

"Serbia wants the ports of St. Giovanni di Medua, Alessio and Durazzo on the Adriatic Sea, which the Serbian empire possesses in the middle

ers, and by which she was territorially related to the rest of Europe." Serbia has not received any proposal from Austria, but assuming that Austria has no territorial designs Serbia quite willing to favor economic and commercial expansion for Austria.

The Premier concluded by saying that the Balkan allies desired Turkey to treat directly with them concerning peace and not through the powers.

London, Nov. 5.—Only five little districts now remain in the possession of Turkey out of the vast territory in Europe which she has ruled for centuries. Even these five districts, comprising Constantinople, Adrianople, Monastir, Monastir and Scutari are slowly oppressed.

Opposed to Peace.
Santiago, Nov. 8.—The Chilean Government is reported to be opposed to peace.

Constantinople, Nov. 8.—Public opinion in Constantinople is strongly opposed to the idea of seeking mediation of peace. Nazim Pasha, the Turkish commander-in-chief, has reported to the Government that the army is determined to fight until victorious or absolutely defeated. He re-

Speaker Advises an Adjournment of British House.

King George is Thought To Be Responsible For the Peaceful Turn taken by Events Connected With the Defeat of the Anzacs Government—Unionist Agency For Attack

The proposal was made by the Speaker, who intimated that it would be advisable "for the House to take further time to consider the points at issue" between the two sides.

Mr. Speaker immediately agreed, and moved the adjournment of the House.

No one in London doubts the King was responsible for advising this turn of affairs. While the Cabinet was in session after the London Conference of Wednesday, Lord Lansdowne, the King's private secretary, arrived directly from Buckingham Palace and held a conference with the members of the Speaker's residence, and it is considered almost certain that yesterday's proceedings were a result of the best means of settling off, and perhaps even preventing, a renewal of the riotous demonstrations.

Mr. Speaker's action, however, was not unexpected. From the time Lord Lansdowne, the Unionist member who has been the King's private secretary, arrived directly from Buckingham Palace, and it is considered almost certain that yesterday's proceedings were a result of the best means of settling off, and perhaps even preventing, a renewal of the riotous demonstrations.

The Speaker of the House of Commons has called a period for reflection, and has emphasized the necessity of Parliament dealing with its elaborate and difficult agenda.

# TERMS ARE TOO HARD

Turkey Refuses to Accept Conditions of Allies.

Nazim Pasha Orders Turkish Troops to Keep Up Hostilities and Reports to His Government That He Cannot Agree to Terms Offered—His Power to Negotiate Again If the Occasion Arises.

Constantinople, Nov. 22.—The terms offered by the British allies for the acceptance of an armistice are "unacceptable" to the Ottoman Government.

Nazim Pasha, the Turkish commander-in-chief, has been instructed to continue military operations until more favorable conditions are offered by the allies, but at the same time he is to withdraw his further support.

The official announcement of the Pasha's decision with regard to the armistice is that the Ottoman Government is not prepared to accept the conditions containing conditions of an armistice which were communicated yesterday to the Council of Ministers by the British allies.

"Consequently and likewise in view of the fact that the communication in mind has been extracted in principle from the lack of negotiating conditions with the allies, the Ottoman Government of the belligerent states—these principles are in the hands of the Ottoman Government—has also been instructed to continue military operations with the allies, but at the same time he is to withdraw his further support.

The official announcement of the Pasha's decision with regard to the armistice is that the Ottoman Government is not prepared to accept the conditions containing conditions of an armistice which were communicated yesterday to the Council of Ministers by the British allies.

# Better Terms or War, Says Veinma

FARIS, Nov. 21.—Emisses the Italian allies offer better terms to Turkey than they have yet accepted, the use of the word "better" is significant. Kemal Pasha was quoted in a dispatch received from Constantinople as saying that he was waiting for better terms.

Veinma asserted that the chloera epidemic was not serious in Constantinople. Messages from foreigners in Constantinople did not bear this assertion out.

# Bryan Not Invited

## THE BOY SCOUT MOVEMENT

EXPLICITLY OUTTOWN TO CITY HALL LAST NIGHT

Using to common attractions and the incident which last night the meeting called in the city hall to hear an address on the Boy Scout movement was rather lively attended. Mr. H. G. Hammond of Toronto, Provincial Secretary of the Canadian Boy Scouts, was the speaker of the evening, and he certainly made an excellent address relative to the movement. The remainder of the proceedings were a good movement.

Mr. J. W. Johnson, M.P.P., was chairman, and without any previous remarks introduced Mr. Hammond who at the start launched into the subject which he had at heart. In speaking of the early movement, the speaker said it was a good movement and was doing much to help the boys. The Scout movement is not a military movement nor an anti-military movement. The organization is under the jurisdiction of His Majesty the King and a representative government in Canada is delegated to the Dominion Council, with His Royal Highness the Duke of Cornwall, Governor General, as Chief Scout. Council in each Province, who are responsible for the work in their Province with local associations in each town or center.

The speaker then gave a brief history of the movement. He said that the organization was founded in 1907, and has since that time been growing in its ranks and in its influence. He said that the organization was not a military movement, but a movement for the benefit of the boys.
